Training Cleaning Program

The focus is to understand and implement the right cleaning processes that deliver the best results at the lowest cost.

There are 51 Power Modules for all types of cleaning areas available in various formats (PowerPoint and Video) that play online or download for playback on different devices.

Online

OSHA
PPE
pH in Cleaning
Product Types
Routine Floor Care

Restorative Floor Care
Cleaning by Number
Equipment Use & Care
Green Cleaning

Onsite

Written cleaning procedures, workflow charts, and job cards use the same "symbols" to provide consistency in the message.
